

Host a Workplace Fundraiser!

Menstrual equity is everyone's business.

Period poverty affects thousands of women, girls and people who menstruate across Australia every day, forcing many to go without the essentials they need to manage their period with dignity. With your support, we can change that.

Every dollar your workplace raises helps Share the Dignity deliver period products and vital support to people doing it tough, including those experiencing homelessness, fleeing domestic violence or facing financial hardship.

Bring your workplace together for good

Hosting a workplace fundraiser is a powerful way to create real impact while boosting team morale and showcasing your organisation's commitment to social responsibility.

To make it even more engaging, colleagues can **form and register teams** under your workplace fundraiser, creating friendly competition between departments, offices or locations as they race to raise the most funds.

Whether it's a morning tea, team challenge, dress-down day, fitness event or BBQ, every activity sparks conversation, strengthens connection and supports a cause that truly matters.

It's easy to get started

Hosting a fundraiser is simple, flexible and fun!

1. Create Your Workplace Fundraising Page

Set up a branded workplace page in minutes. Add your logo, a team photo and your fundraising goal. This becomes your hub for collecting donations and tracking your impact.

2. Register individual teams

Staff can create or join teams under your workplace page, track their progress in real time and enjoy a bit of friendly competition as they climb the leaderboard.

3. Access ready-to-use assets

Once registered, you will receive a suite of digital and print assets you can personalise, including social posts, posters and QR codes, making it easy to spread the word.

4. Rally your colleagues

Share your page via emails, internal newsletters and social channels, and invite colleagues, clients and networks to get involved.

5. Get Creative & Fundraise!

Host a morning tea, BBQ, fitness challenge, raffle or matched giving campaign. However your teams choose to participate, every action helps end period poverty.

Ready to make a difference?
