Foster team bonding whilst directly impacting the lives of individuals facing adversity.

In a country where almost one million people are living in severe income poverty, ensuring access to basic essentials for the most vulnerable among us is a significant undertaking. With the support of corporate volunteers, we can pack more bags, reach more charities, and provide much-needed period products and essential hygiene items to those who need them most.

Join us in creating a team bonding experience that directly impacts vulnerable girls, women, and people who menstruate in your local community. It's more than just donating; it's about creating meaningful engagement between your team members and the cause they're supporting.

About *It's in the Bag*

Our founder Rochelle came up with the idea for It's in the Bag when cleaning out her bathroom cupboard. She popped all of her unwanted items into an old bag and donated it to a local charity. What started as a little idea has today grown to one of Australia's most loved Christmas giving appeals.

Bags filled with the 7 key essentials are dropped into our collection points which are located within every Bunnings store during November annually. The bags collected are distributed through our 3000 charity partners that request bags from us.

Unfortunately, since COVID we have received requests surpassing 180,000 but are unable to collect anywhere near this number of bags to be able to fulfil the requests. The bags you pack during your event will help to bridge this gap. You can leave feeling rewarded that you are making a difference.
